

INTERNATIONAL CONFERENCE IN DRESDEN

UFIPOLNET

Ultrafine Particle Size Distributions
in Air **P**ollution Monitoring **N**etworks

➤ ULTRAFINE PARTICLES IN URBAN AIR
23 to 24/10/2007

INVITATION

TARGET GROUP

Operators of monitoring networks, epidemiologists, scientists, authorities, public agencies, journalists, representatives of companies and other interested persons will discuss ultrafine particles in urban air. They will also be informed about the findings of UFIPOLNET.

THEMES

More than 30 presentations and a poster exhibition:

- Project results, new UFP measuring instrument
- Measurements of ultrafine particles in urban air
- Particles and health

- Modelling fine and ultrafine particles
- Air quality in directives and their implementation

CONFERENCE LANGUAGE

English with simultaneous translation in German

PLACE

Sächsische Aufbaubank, Dresden, Germany

DEADLINES

Call for poster	1st June, 2007
Abstract Deadline	22nd September, 2007
Early Registration	1st August, 2007
Registration	22nd September, 2007

FOR MORE INFORMATION

www.ufipolnet.eu

With the contribution of the LIFE financial instrument of the European Community

Arranged by the Saxon State Agency for Environment and Geology, Dresden /Germany

➤ PROGRAM 23rd October, 2007

9:00

➤ INTRODUCTION

- H. Biele / LfUG: Introduction
A. Wiedensohler / IfT: Role of ultrafine particles in the urban atmosphere
H. Herrmann / IfT: Ultrafine particles chemical content

10:30

➤ UFIPOLNET and LIFE

- NN: LIFE and LIFE+ from program to projects
H. Gerwig / LfUG/UFIPOLNET: Purpose - Partner - Project
A. Zschoppe / TOPAS: A new particle measurement system for environmental ultrafine particles
Additional speakers: L. Hillemann / UBG; B. Wehner / IfT

13:15

➤ MEASUREMENTS OF ULTRAFINE PARTICLES IN URBAN AIR PART I

- R. Van Dingenen / IJRC: Measurements of ultrafine particles in Europe
S. Rodriguez / CSIC: Origin and features of ultrafine particles in Barcelona
A. Jones / Univ. Birmingham: Ultrafine particles in the UK
Additional speakers: C. Johansson, / ITM; J. Novak / CHMU

15:20

➤ PARTICLES AND HEALTH

- A. Peters / GSF Overview: Health and Particles the Epidemiologic View
M. Krzyzanowski / WHO: Updated WHO Air Quality Guidelines
J. Cyrys / GSF: Can we use fixed ambient air monitors to estimate population exposure to ultrafine particles?
Additional speakers: O. Herbarth / UfZ; N. Englert / UBA; W. Kreyling / GSF

➤ PROGRAM 24th October, 2007

9:00

➤ MODELLING FINE AND ULTRAFINE PARTICLES

W. Birmili / IFT:

UFP measurements and modelling

M. Ketzler / NERI:

Modelling ultrafine particles in urban environments

I. Düring/Ing.Büro Lohmeyer: Modelling PM_x-Emissions and -concentrations on streets for environmental impact assessment and action plans

10:45

➤ MEASUREMENTS OF ULTRAFINE PARTICLES IN URBAN AIR PART II

G. Löschau / LfUG:

Ultrafine and fine particles number concentrations in ambient air at traffic-orientated sites in Dresden over five years

T. Kuhlbusch / IUTA:

Ultrafine particles in NRW - case studies in the urban background and at an "Autobahn"

A.S.H. Prevot / PSI:

Ultrafine particle measurements in Switzerland at various stations and on different roads

Additional speakers:

B. Wehner / IfT; H. Herrmann / IfT

13:10

➤ AIR QUALITY IN DIRECTIVES AND THEIR IMPLEMENTATION

P. Bruckmann / LANUV:

PM abatement from a European perspective - current legislation and the CAFE Thematic strategy

M. Wichmann-Fiebig / UBA:

Is there a need to regulate ultrafine particles in ambient air?

W. Hafner /
Umweltamt Klagenfurt:

Klagenfurts Anti-PM₁₀-Action-Programme with Graz and the South Tyrol / LIFE ENV project KAPA GS

Additional speakers:

F. Palmgren / NERI; D. Gömer / HaLm;
J. Albrecht / SMUL

16:00 End

➤ POSTERSESSION 10:30 23 to 13:10 24/10/2007

All conference themes can be covered. Open for contributions by participants. Discussions during conference breaks.

CONTACT AND POSITION PLAN

PROJECT MANAGEMENT: Sächsisches Landesamt
für Umwelt und Geologie (LfUG)

CONTACT: Dr. Holger Gerwig

PHONE: +49 (0) 351 8928134

EMAIL: Holger.Gerwig@smul.sachsen.de
